

# AI READINESS ASSESSMENT WORKSHOP

## Unlock Your AI Potential

During this assessment workshop our data scientists and architects will gauge your AI readiness by asking hard questions. Upon completing the assessment, you will be on a path towards achieving your AI goals.

## How We Can Transform Your Business

- Comprehensive evaluation of your AI needs and readiness.
- Identification of suitable use cases tailored to your business goals.
- Collaborative workshop to validate use cases, provide recommendations, and outline a path forward.
- Dedicated team of data scientists and solution architects to support your AI journey.

## Our Approach

### Part 1 - Use Case Evaluation (Online)

- Assess your AI readiness through insightful questions.
- Analyze your data strategy, availability, and cleanliness.
- Determine the maturity level of your data infrastructure.

### Part 2 - Collaborative Workshop

- Engage in a 1-2 day collaborative workshop with our experts.
- Validate use cases, define scope and expectations.
- Receive recommendations for approaches and data remediation.
- Obtain a platform readiness score, address security and compliance concerns.
- Outline a proof of concept and set clear expectations for success.

## DELIVERABLES

- **Recommended Approach**  
Tailored strategies to implement AI solutions effectively.
- **Data Remediation**  
Actionable steps to improve data quality and accessibility.
- **Existing AI Documentation**  
Document current and past AI experiences.
- **Platform Readiness Score**  
Evaluation of your infrastructure's readiness for AI implementation.
- **Proof of Concept Outline**  
Plan outlining the next steps towards implementing AI solutions.

## About IO Connect

IO Connect Services specializes in addressing the unique requirements of legacy applications. We design tailored integration solutions and provide robust support to ensure a smooth transition without compromising functionality.

IO Connect Services brings a team of seasoned experts to the table, putting our customers and custom-built solutions first.
